

## ACCESSIBLE TOILETS

### ACCESSIBLE TOILET ORIENTATION

'Accessible toilet orientation' refers to the wall on which the hand railings are mounted from the perspective of sitting on the toilet. For example, a toilet with railing on the right-hand wall has a 'right hand transfer' or is a 'right-handed toilet'. The orientation of a toilet can make a huge difference to its accessibility, especially for people using wheelchairs, scooters or other mobility aids.

THE UNIVERSITY OF  
MELBOURNE

DISABILITY LIAISON UNIT

# ACCESS TO THE UNIVERSITY OF MELBOURNE

The University of Melbourne is the second oldest university in Australia. The Parkville campus includes many old and heritage listed buildings constructed at a time when consideration of disability access issues was limited, resulting in some areas with poor or fragmented access. Nevertheless, the University has made significant advances in enabling integrated and independent physical access across the campus. Most buildings, teaching spaces, and pathways are now accessible for people with disabilities. This map describes important access points and routes for people with disabilities, and includes a list of accessible toilet locations.

## ACCESS TO LEARNING SPACES

The Parkville campus has over 800 learning spaces. As access to a learning space may require a specific access route, people with disabilities who are unfamiliar with the campus are encouraged to allow additional time to find their desired location.

Information on the accessibility and features of a specific learning space can be found on the Room Database at [trs.unimelb.edu.au/room/database.html](http://trs.unimelb.edu.au/room/database.html).

The following major teaching venues are considered inaccessible for people with disabilities:

- Middle Theatre, Babel Building
- Physiotherapy Theatre, Physiotherapy Building
- Physiotherapy Theatre, Physiotherapy Building
- Rivett Theatre, Redmond Barry Building
- Russel Lowe Theatre, Richard Berry Building

If a class or event has been scheduled in a learning space that is inaccessible for your needs, please contact the Disability Liaison Unit on 8344 0100 and an alternate venue may be arranged.

Note to Presenters: Not all teaching venues listed as accessible for students are also accessible for presenters. It is

recommended that presenters check access to teaching spaces, including stage access and/or audio-visual equipment, before giving a presentation. If your presentation has been scheduled in a teaching space that is inaccessible for your needs, please contact the relevant Faculty or School and an alternate venue may be arranged.

## ACCESSIBLE PARKING

The University provides a number of accessible parking spaces on campus for people with a disability. A permit is required to park in these spaces which can be obtained by contacting the Parking Office on 8344 6112 or [traffic-parking@unimelb.edu.au](mailto:traffic-parking@unimelb.edu.au).

Eligibility for ongoing permits is assessed by the University Health Service. Telephone: 8344 6904.

## ACCESSIBLE TELEPHONES

- Low-level public telephones are available on campus in:
- in North Court, at the entry of the Northern Concourse of the Union Building
  - in the Social Work Building , 234 Queensberry Street, Level 2
  - in the Sports Centre.

An internal telephone is available for free internal calls on campus. This phone is located in the Contact Office on the Ground Floor of the Union Building.

TTY telephones are available for use by Deaf and hearing impaired students in the Eastern Resource Centre (ERC) and the Information Desk in the Student Union building.

## ACCESS PROBLEMS

The University encourages feedback regarding campus access difficulties to assist with planning of rectification works. Please contact the Disability Liaison Unit on 8344 0100 or [DLU-enquiries@unimelb.edu.au](mailto:DLU-enquiries@unimelb.edu.au) and provide details as to the precise nature of the access difficulties.
